The Development of the Social Self From Psychology Press

Drawing upon the perspective of social identity theory, *The Development of the Social Self* is concerned with the acquisition and development of children's social identities. In contrast to previous work on self-development, which has focused primarily on the development of the personal self, this volume makes a case for the importance of the study of the social self - that is, the self as defined through group memberships, such as gender, ethnicity, and nationality.

A broad range of identity-related issues are addressed, such as ingroup identification, conceptions of social identities, prejudice, and the central role of social context. Based on contributions from leading researchers in Europe, Australia and the US, the book summarises the major research programmes conducted to date. Furthermore, the closing chapters provide commentary on this research, as well as mapping out key directions for future research.

With a unique focus encompassing both social and developmental psychology, *The Development of the Social Self* will appeal to a broad spectrum of students and researchers in both disciplines, as well as those working in related areas such as sociology and child development.

Users Review

From reader reviews:

Jonathan Head:

What do you ponder on book? It is just for students because they are still students or that for all people in the world, what the best subject for that? Just you can be answered for that question above. Every person has distinct personality and hobby for every other. Don't to be pressured someone or something that they don't would like do that. You must know how great along with important the book The Development of the Social Self. All type of book can you see on many solutions. You can look for the internet sources or other social media.

Cynthia Sharma:

Book is to be different for every grade. Book for children right up until adult are different content. As we know that book is very important for all of us. The book The Development of the Social Self was making you to know about other knowledge and of course you can take more information. It is extremely advantages for you. The guide The Development of the Social Self is not only giving you considerably more new information but also being your friend when you sense bored. You can spend your own spend time to read your book. Try to make relationship while using book The Development of the Social Self. You never really feel lose out for everything if you read some books.

Wilda Alexander:

The reserve untitled The Development of the Social Self is the guide that recommended to you to study. You can see the quality of the guide content that will be shown to you actually. The language that creator use to explained their ideas are easily to understand. The author was did a lot of study when write the book, so the information that they share to you personally is absolutely accurate. You also could get the e-book of The Development of the Social Self from the publisher to make you considerably more enjoy free time.

Barbara Erickson:

As a college student exactly feel bored in order to reading. If their teacher requested them to go to the library or even make summary for some publication, they are complained. Just small students that has reading's spirit or real their pastime. They just do what the professor want, like asked to go to the library. They go to

right now there but nothing reading critically. Any students feel that reading is not important, boring and also can't see colorful images on there. Yeah, it is to get complicated. Book is very important to suit your needs. As we know that on this time, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. So , this The Development of the Social Self can make you really feel more interested to read.
