**The Englor Affair (Sci-Regency)** By J L Langley

In hiding who he was, Payton found himself and the man he would grow to love. After his brother is kidnapped, Prince Payton Townsend masquerades as an Admiral's assistant in order to track the culprits through the tangled mysteries of the planet Englor. He finds way more than he bargained for in the form of Marine Colonel Simon Hollister. Simon is no ordinary soldier. He's heir to Englor and his life is mapped out for him: throne, bride, and eventually an heir. He never expected a dalliance with Payton to blossom into love, or that the organization that taught him to lead would threaten that love and their lives. Danger and intrigue abound as they learn more about their shared enemy, and about each other. What they learn could help them rise above to an enduring love or pull them down. Warning: Hot sweaty manlove of the interplanetary kind.
