**Grammar and Usage in the Classroom (2nd Edition) By Mark Lester**

Grammar and Usage in the Classroom addresses prospective English teachers who need both to learn basic grammar themselves and to prepare themselves to successfully teach grammar. Based on the author's extensive work with school districts, in-service teachers, and hundreds of his own students, the second edition has been thoroughly revised and reorganized into three parts: Grammar; Usage; and A Glossary of Grammatical Terms. The grammar opens with a chapter on the current state of teaching grammar and usage; presents traditional school grammar; and, in the last grammar chapter, introduces a modern descriptive grammar to analyze verb complements. For elementary and secondary teachers and English majors.
