Light's Retention Scale (LRS) Kit From ATP

Light's Retention Scale (LRS) 2006 Edition remains a powerful tool that assists school professionals when making the sensitive and often difficult decision about promoting or retaining a child. LRS provides opportunities for dialogue between parents and educators and assures all involved that the decision is based on thoughtful, professional findings.??This revised edition includes: consideration of whether or not a student has preschool experience an up-to-date review of current findings on both sides of the issue a changed score structure for the items revised item description and new cutoff scores The comprehensive literature review provides up-to-date summaries of numerous research reports as well as historical views so that educators may see how educational practice and thinking have changed or remained static over the years. The LRS is designed to include parents in the process used by educators and administrators to evaluate the needs of the student.The record form is easy to use, identifying 20 areas of interest; details (from current literature) that explain the rationale for including each area in the LRS, are provided in the manual. The Light's Parent Guide explains each factor in detail, as well as the rationales used in making the decision.
