**Medicine Ways: Disease, Health, and Survival among Native Americans (Contemporary Native American Communities)** From Brand: AltaMira Press

This volume examines the ways people from a multitude of indigenous communities think about and practice health care, within historical and sociocultural contexts. It explores diseases such as cancer, diabetes and Native-identified problems, it also covers historical and cultural experiences such as assimilation, poverty and federal and state policies and initiatives. The book also looks at applied solutions that are based in community prerogatives and worldviews, whether indigenous, Christian, biomedical or all three.

### **Editorial Review**

#### **Review**

The greatest strength of this volume is its breadth, especially with regard to diversity of tribe, historical periods, types of illness, and disciplinary emphases....This volume will surely be of interest to those who would like a sample of the health issues plaguing American Indians from colonization and into the present day. (Lori L. Jervis, (University of Colorado Health Sciences Center) *Journal Of Nervous and Mental Disease*)

This volume presents timely, authoritative, and chilling accounts of disease, death, and sociocultural devastation in Native American and Alaskan communities over the past 200 years. (E. Wellin, (University of Wisconsin-Milwaukee) *CHOICE*)

#### **About the Author**

Clifford E. Trafzer (Wyandot) is a professor of history and director of Native American Studies at the University of California, Riverside. Diane Weiner is a professional research anthropologist at the American Indian Studies Center, University of California, Los Angeles.
