Entomology and Pest Management By Larry P. Pedigo, Marlin E. Rice

Completely updated in a new edition, this book remains ideal for a reader with little or no background in entomology and those who cannot spend the time to take both a general entomology course and an applied course. This combines, in a single volume, general principles of entomology and modern principles of insect pest management, including factual details and specific examples. Features up-to-date coverage on environmentally sound insecticides; the Transgenic plant controversy; Pest management systems; Newly released and recently discontinued products and updated insecticides; Current government regulations and labeling of microbial pesticides, plant pesticides and biochemical pesticides; and Developments in genetic engineering and plant bio technology.

Editorial Review

Review

"This is one of the best textbooks I have ever used. It is an excellent product." --Timothy Ellsworth, West Hills Community College

Users Review

From reader reviews:

Frank Miller:

What do you in relation to book? It is not important together with you? Or just adding material when you really need something to explain what the one you have problem? How about your extra time? Or are you busy man or woman? If you don't have spare time to try and do others business, it is make one feel bored faster. And you have time? What did you do? Everybody has many questions above. They have to answer that question because just their can do this. It said that about book. Book is familiar on every person. Yes, it is right. Because start from on jardín de infancia until university need this specific Entomology and Pest Management to read.

Toni Styer:

This Entomology and Pest Management are reliable for you who want to be described as a successful person, why. The key reason why of this Entomology and Pest Management can be one of many great books you must have is usually giving you more than just simple examining food but feed you with information that probably will shock your before knowledge. This book is handy, you can bring it all over the place and whenever your conditions at e-book and printed kinds. Beside that this Entomology and Pest Management giving you an enormous of experience such as rich vocabulary, giving you tryout of critical thinking that we realize it useful in your day exercise. So , let's have it and luxuriate in reading.

Jennifer Smith:

Do you like reading a guide? Confuse to looking for your preferred book? Or your book was rare? Why so many problem for the book? But just about any people feel that they enjoy to get reading. Some people likes looking at, not only science book but additionally novel and Entomology and Pest Management or perhaps others sources were given information for you. After you know how the truly great a book, you feel wish to read more and more. Science reserve was created for teacher or perhaps students especially. Those books are helping them to include their knowledge. In some other case, beside science e-book, any other book likes Entomology and Pest Management to make your spare time more colorful. Many types of book like this.

Everette Murray:

What is your hobby? Have you heard that question when you got students? We believe that that problem was given by teacher with their students. Many kinds of hobby, Everybody has different hobby. Therefore you know that little person such as reading or as looking at become their hobby. You need to understand that reading is very important and also book as to be the thing. Book is important thing to incorporate you knowledge, except your current teacher or lecturer. You will find good news or update about something by book. Different categories of books that can you take to be your object. One of them is actually Entomology and Pest Management.
