The Complete Cities of Ancient Egypt By Steven Snape

From early towns to booming metropolises, *The Complete Cities of Ancient Egypt* explores every facet of urban life in ancient Egypt with a leading authority in the field as a guide

Ancient Egyptian cities and towns have until recently been one of the least-studied and least-published aspects of this great ancient civilization. Now, new research and excavation are transforming our knowledge. This is the first book to bring these latest discoveries to a wide audience and to provide a comprehensive overview of what we know about ancient settlement during the dynastic period.

The cities range in date from early urban centers to large metropolises. From houses to palaces to temples, the different parts of Egyptian cities and towns are examined in detail, giving a clear picture of the urban world. The inhabitants, from servants to Pharaoh, are vividly brought to life, placed in the context of the civil administration that organized every detail of their lives.

Famous cities with extraordinary buildings and fascinating histories are also examined here through detailed individual treatments, including: Memphis, home of the pyramid-building kings of the Old Kingdom; Thebes, containing the greatest concentration of monumental buildings from the ancient world; and Amarna, intimately associated with the pharaoh Akhenaten. An analysis of information from modern excavations and ancient texts recreates vibrant ancient communities, providing range and depth beyond any other publication on the subject.

242 illustrations, 193 in color

Editorial Review

Review

“The illustrations are of outstanding quality. Diagrams, visual reconstructions, ancient works of art, and impressive aerial photography contextualize Snape’s analysis of urban life and culture in ancient Egypt.” (Ancient History Encyclopedia)

“A comprehensive account of the work that has been done to understand the daily lives of everyday ancient Egyptians.” (Portland Book Review)

“The text is well supported by artifacts, primary texts, beautiful photography, and detailed diagrams and plans. In particular, fascinating and sometimes amusingly written accounts reveal a complex society similar to present-day Western societies, with amorous indiscretions, class tension, and labor disputes....Highly recommended.” (Choice)

About the Author

Dr. Steven Snape teaches Egyptian Archaeology at the University of Liverpool. His publications include Ancient Egyptian Tombs: The Culture of Life and Death.

Users Review

From reader reviews:

Randall James:

Now a day people that Living in the era just where everything reachable by connect to the internet and the resources inside it can be true or not demand people to be aware of each data they get.
