From the Author

Writing *Asian Faces* was a very personal experience for me. As a young Asian teenager growing up in Los Angeles. Learning how to apply makeup was all trial and error. There were very few examples of Asians in the media if any and foundations back then were all pink. Needless to say I had tons of embarrassing moments of bruised looking eyes. Many of my friends resorted to eyelid surgery or tape. I was a bit more rebellious and refused. *Asian Faces* is filled with all the information I wish I had during my early years. It is meant to be empowering and a resource for all Asian women. Enjoy!
