Brianna (Celestial Passions) By Judy Mays

First in the Celestial Passions series.

Brianna did what any other decent human being would do—rescue a pair of aliens her boss was about to dissect, and get them back to their space ship. In the process, she was captured by an alien scientist and became a experiment herself—a sexual experiment. Captain Alalakan don al' Chardadon was not about to let Dr. Rodak don al' Bakom conduct his ridiculous sexual experiments on an inhabitant from a newly discovered world. Even if it meant he had to marry the Earth woman to protect her. Marriages were easily dissolved on his planet, and this alien was very beautiful. Besides, he wanted her — in his bed, on the floor, against the wall or anywhere else he could think of. Brianna had to choose—marry the captain or try to find another way to escape Bakom. Easy choice. Even though he was an alien, Char was the most desirable man she'd ever met. So Brianna found herself hurtling through space married to a very sexy alien — with a very flexible tail — from a planet where hedonism is the norm and there are three sexes — male, female and hermaphrodite. But Bakom wanted Brianna too, and is willing to do anything to get her back.
