The Parallel Chronological Gospels By John Olubobokun

The Parallel Chronological Gospels puts all four gospels in parallel columns, and the life of Jesus Christ in chronological order. The sequence of events in parallel columns are highlighted in vertical hierarchy, and is easy to follow without confusion about the timing, location , and context of such events.

Readers may choose to read only the highlighted portions of parallel passages, or read the entire account in each gospel side by side. In this work, the King James Version has been modified by changing archaic words to modern, easy-to-understand synonyms, to produce a unique modified King James Version (mKJV), that is refreshingly quite readable and easy to understand.

The Parallel Chronological Gospels will revolutionize your reading, and comprehension of the gospel accounts of Jesus' life.
