White Logic, White Methods: Racism and Methodology By Tukufu Zuberi, Eduardo Bonilla-Silva

White Logic, White Methods shows the ways that a reigning white ideological methodology has poisoned almost all aspects of social science research. The only way to remedy these prevailing inequalities is for the complete overhaul of current methods, and a movement towards multicultural and pluralist approaches to what we know, think, and question. With an assemblage of leading scholars, this collection explores the possibilities and necessary dethroning of current social research practices.
