Altered State: The Story of Ecstasy Culture and Acid House By Matthew Collin

“I can’t recommend this marvellous piece of work enough.” —Irvine Welsh

Altered State—now updated—is the definitive text on ecstasy culture, using a cast of characters to track the origins of the scene through psychedelic subcults, underground gay discos, and the Balearic paradise of Ibiza. It examines the ideologies and myths, documenting the criminal underside to the blissed-out image, and shedding light on the social history of the most spectacular youth movement of the twentieth century.

Matthew Collin is the author of *Guerrilla Radio* and *The Time of the Rebels*. He now reports for Al Jazeera from Tbilisi in Georgia.

Editorial Review

Review

At last somebody has written the real history of the last ten years, and written it with such wit, verve, empathy and profound intelligence. I can't recommend this marvellous piece of work enough. Irvine Welsh Altered State is not just timely; it was crying out to be written Independent Altered State remains the definitive story of the last decade's love affair with MDMA and mucking about in fields just off the M25 Q [A] full-blooded, abrasive exploration of the rise and fall of the ecstasy scene. -- Julian Fleming Sunday Business Post [E]ssential reading -- Rupert Howe Q The first book to forensically document the acid house explosion... It's written with the authority of the first-hander, but what makes the book so compelling is his political perspective. -- Bill Brewster and Frank Broughton [DJ History] Mixmag

About the Author

Matthew Collin is the author of the critically acclaimed books Guerrilla Radio, and The Time of the Rebels. He has worked for the BBC from Georgia and has written for a wide range of newspapers and magazines. He now reports for Al Jazeera from Georgia.

Users Review
