### **Editorial Review**

#### **Review**

Calm, lucid and encouraging. Bridges' book remains a classic years after it first appeared - praise indeed in a time of great change. His range of anecdotes and quotations is impressive, his arguments logical and persuasive. Management Today A valuable and useful work for a great range of practitioners who are inevitably involved with change in their companies. The analogies used in this book are valuable and memorable. Managing Transitions is a useful step-by-step handbook for specialists and practitioners. People Management A very human approach to management and a worthy complement to the many books which take a harder approach to organisational change. Professional Manager A well thought out and stimulating work which challenges pre-existing beliefs and approaches to planning and managing organisational change. Training Journal The late William Bridges is acknowledged as one of the most influential experts in the field of personal change. Psychologies Magazine

#### **About the Author**

William Bridges, PhD, was an internationally known speaker, consultant, and the author of ten books. He was known for his expertise in the "human side" of organizational change and made his career guiding individuals and organizations through transition. The professional seminars that he launched in 1988 now have certified thousands of managers, trainers, and consultants to conduct Transition Management programs worldwide.

### **Users Review**
