A History of Surgery By Harold Ellis

Written in a lively and engaging style, by a medical author and teacher of great renown, this book provides a fascinating and interesting introduction to the subject for anyone with an interest in it. It illustrates some of the key advances in surgery from primitive techniques such as trepanning, through some of the gruesome but occasionally successful methods employed by the ancient civilisations, the increasingly sophisticated techniques of the Greeks and Romans, the advances of the Dark Ages and the Renaissance and on to the early pioneers of anaesthesia and antisepsis such as Morton, Lister and Pasteur. The impact of modern warfare on the development of surgical procedures is also discussed and Professor Ellis ends with a fascinating glimpse into the future of surgery in the next millennium.

Editorial Review

Review

"Professor Ellis has proven the value of a single-volume History of Surgery. It will bring comfort to the practising surgeons by showing how the trials of today were faced in the past. The book is sufficiently comprehensive for the historian to find it a hand reference. It should be used to inform the polemics of journalists, policy makers, and ethicists."

Vivian McAlister

Users Review

From reader reviews:

Mark Jones:

People live in this new day of lifestyle always attempt to and must have the spare time or they will get great deal of stress from both day to day life and work. So , if we ask do people have time, we will say absolutely yes. People is human not really a robot. Then we consult again, what kind of activity are there when the spare time coming to you actually of course your answer can unlimited right. Then do you ever try this one, reading publications. It can be your alternative within spending your spare time, the book you have read is definitely A History of Surgery.

Denise Wallis:

In this period globalization it is important to someone to find information. The information will make someone to understand the condition of the world. The healthiness of the world makes the information quicker to share. You can find a lot of referrals to get information example: internet, paper, book, and soon. You will see that now, a lot of publisher which print many kinds of book. The particular book that recommended for you is A History of Surgery this guide consist a lot of the information of the condition of this world now. This specific book was represented so why is the world has grown up. The dialect styles that writer make usage of to explain it is easy to understand. The writer made some analysis when he makes this book. This is why this book suited all of you.

Jackie Thompson:

This A History of Surgery is new way for you who has fascination to look for some information mainly because it relief your hunger info. Getting deeper you into it getting knowledge more you know or perhaps you who still having little bit of digest in reading this A History of Surgery can be the light food for you because the information inside this kind of book is easy to get by means of anyone. These books build itself in the form which is reachable by anyone, yep I mean in the e-book application form. People who think that in book form make them feel sleepy even dizzy this publication is the answer. So there isn't any in reading a reserve especially this one. You can find what you are looking for. It should be here for you. So , don't miss the item! Just read this e-book variety for your better life in addition to knowledge.

Carole Arehart:

As a university student exactly feel bored in order to reading. If their teacher expected them to go to the library or make summary for some book, they are complained. Just very little students that has reading's heart and soul or real their leisure activity. They just do what the professor want, like asked to the library. They go to there but nothing reading seriously. Any students feel that examining is not important, boring and can't see colorful images on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore this A History of Surgery can make you feel more interested to read.
