Partials, La Conexión (Partials Sequence) (Spanish Edition) By Dan Wells

Un viaje espeluznante a un mundo que cuestiona el concepto de ser humano. Nuestro tiempo se acaba. La humanidad está a punto de desaparecer. En 2076, en un mundo devastado por la guerra, los seres humanos están al borde de la extinción y la clave de la supervivencia está en manos de una chica de 16 años. La humanidad esta a punto de desaparecer tras haber perdido la guerra con los Parciales (seres creados con tecnología genética, idénticos a nosotros). Los humanos sobrevivientes fueron reducidos a unos pocos miles por el RM, un virus letal utilizado como arma biológica, al cual solo parte de la población es inmune. Los habitantes se concentraron en Long Island y, aunque los Parciales se han retirado misteriosamente, su amenaza persiste. Pero lo peor de todo es que en 11 años no ha habido un solo bebé que haya sobrevivido al RM. Kira Walker, una estudiante de medicina de 16 años, se encuentra en la línea de fuego de esta batalla. Es testigo de los estragos que causa el RM y también de las leyes de embarazo obligatorio, que han llevado a la ciudad a las puertas de una guerra civil. En esta desesperada búsqueda por salvar la continuidad de su raza, Kira descubrirá que la supervivencia de humanos y Parciales dependerá de sus esfuerzos por comprender la conexión entre ambos, algo que el mundo ha olvidado...o quizás, nunca supo que existía. En el camino develará varios misterios y un secreto que va más allá de las luchas por el poder, el control y la conservación. ¿Rebeldía u obediencia? ¿Autoritarismo o revolución? La respuesta parece ser una sola: libertad. Pero ¿a qué precio?. The human race is all but extinct after a war with Partials engineered organic beings identical to humans has decimated the population. Reduced to only tens of thousands by RM, a weaponized virus to which only a fraction of humanity is immune, the survivors in North America have huddled together on Long Island while the Partials have mysteriously retreated. The threat of the Partials is still imminent, but, worse, no baby has been born immune to RM in more than a decade. Our time is running out. Kira, a sixteen-year-old medic-in-training, is on the front lines of this battle, seeing RM ravage the community while mandatory pregnancy laws have pushed what's left of humanity to the brink of civil war, and she's not content to stand by and watch. But as she makes a desperate decision to save the last of her race, she will find that the survival of humans and Partials alike rests in her attempts to uncover the connections between them connections that humanity has forgotten, or perhaps never even knew were there.
