Editorial Review

Review

"This poetry anthology is impressive because of its carefully lucid headnotes and footnotes, its thematic contents lists and its textual reliability, all of which are a very high order." (*BARS Bulletin & Review*, July 2008)

"The editors have a particular commitment to the role that an appreciation of poetic form can play in critical understanding, and it is on account of this formal detail that the anthology is so valuable. Introductory headnotes elucidate the subtleties of each poem's craft, while footnotes comment on line endings, rhyme patterns, and other features of the text. Some comments are so brilliantly incisive as to deserve separate publication, such as the account of the metre of *Christabel*: 'each line seems like a stealthy event' (p. 207). Without question, this is by far the best way that any reader could be introduced to these poets, and the anthology is careful not to suggest that an attention to poetic detail precludes other types of investigation. Understanding how a poem creates meaning, however, is the vital first step, and for this reason *Romantic Poetry: An Annotated Anthology* will doubtless be the standard teaching anthology for many years." *Year's Work of English Studies* (2010)

Review

"Romantic Poetry is the ideal anthology for students and specialists alike, defining a new canon of ten Romantic poets and reflecting the full diversity of Romantic poetic forms. All readers will welcome the freshly-edited texts, the authoritative headnotes and annotations, and the thought-provoking introduction. Edited by two leading scholars of Romanticism, the new Blackwell anthology of Romantic poetry will be the first choice for the classroom, library, and private study."

—Nicholas Roe, University of St Andrews

"This is a welcome and usefully up-to-date new anthology, providing, in a concise and manageable selection, a genuinely representative overview of the canon of romantic poetry, as it is comprised today by the works of poets of both sexes. O'Neill's excellent introduction pulls off the difficult feat of offering, to the first-time reader or student, a coherent and accessible summary of its subject without being reductive or overly simplifying. The introduction is nicely complemented by the thematically divided list of texts, particularly user-friendly from the undergraduate point of view. Prefaces, which address both individual poems as well as each poet more generally, are critical rather than merely informative; the annotations too, are more detailed and explanatory than the more minimal glosses usually provided in comparable publications."

—Uttara Natarajan, Goldsmiths College, University of London

From the Back Cover

Discussing theme, genre, structure, rhyme, form, imagery, and influences, this *Annotated Anthology* examines the central features of Romantic poetry. The volume introduces key poems from major poets, including Blake, Wordsworth, Coleridge, Byron, Shelley, Hemans, and Keats. Helpful headnotes and annotations provide relevant contextual information and in-depth commentary on a number of carefully selected poems.

This invaluable text is easily adaptable as both an anthology and an insightful guide to reading and understanding Romantic poetry.

Users Review

From reader reviews:

David Smith:

Reading a publication tends to be new life style with this era globalization. With examining you can get a lot of information that will give you benefit in your life. Having book everyone in this world could share their idea. Publications can also inspire a lot of people. Lots of author can inspire their reader with their story as well as their experience. Not only the storyline that share in the books. But also they write about the ability about something that you need instance.
