### Editorial Review

#### Review

"We have yet to see a text with a better approach to using readings to stimulate writing. Rather than asking students to emulate the style or form of the selections, the author uses the readings to stimulate the student to think, feel, analyze, and respond. . . . All in all, Spack has written one of the most flexible, innovative, challenging textbooks for reading and writing yet published."--Denis Hall and Silvia Spence, *NNETESOL News*

"Spack's text is a valuable contribution to the ESL field. . . . More than other composition texts, it teaches reading and writing in a truly integrated fashion and encourages carry-over of reading and writing strategies from one assignment to the next. . . . Instructors will appreciate the author's clear, accessible language, consistent, recursive format, and strikingly coherent sequencing of reading and writing tasks."--May Shih, *The Modern Language Journal*

"As a teaching tool, this book is invaluable. . . . When I cook, I like a cookery book which talks to me while I get ingredients together and go through the procedures. When I teach, I like a teaching book which also talks to me and my students as we collaborate in perfecting the art of reading and writing. *Guidelines* does just that."--Wendy Brazil, *International Education--ej*

"My experience with *Guidelines* has been positive because its flexibility has allowed easy and successful adaptation."-- Joel Pare, *TESOL Quarterly*

"Unlike the prescriptive, textbook-writer-produced models found in most ESL composition texts, the organizational strategies laid out by Spack offer more freedom and a greater number of options which an individual writer can suit to his or her content and purpose."--Christine Holten and Carol Ann Linn, *Issues in Applied Linguistics*
