Practice OSCEs in Obstetrics & Gynaecology: A Guide for the Medical Student and MRANZCOG exams By Gareth Weston, Beverly Vollenhoven, Jane McNeilage

OSCE examinations are compulsory for Medical students and specialist trainees. The student is led through a clinical scenario and then assessed on examination, history taking, investigation, diagnosis and management. Some students are able to practice OSCEs with a teacher acting as the patient, however not all candidates have equal/sufficient access to teachers as such a resource. This often leads to examination candidates not being prepared for the OSCE exam format, performing poorly compared with written paper examinations. The proposed book will cover an approach to passing the OSCE as well as 60 practice questions. Each case will have a sample marking scheme. After the marking scheme there will be a discussion and key points/pitfalls section

Editorial Review

Review

"This is a high quality practice book suitable for all trainees in obstetrics and gynaecology at both undergraduate and post graduate levels....It is obvious the team of three authors have worked hard to select a variety of subjects from different subspecialties appropriate for the intended level of the candidate and have done a good job in organising these subjects into sample questions." **The Obstetrician and Gynaecologist, Online**

Users Review

From reader reviews:

Rafael Rainey:

People live in this new morning of lifestyle always try to and must have the extra time or they will get lot of stress from both day to day life and work. So , once we ask do people have extra time, we will say absolutely without a doubt. People is human not really a huge robot. Then we request again, what kind of activity are you experiencing when the spare time coming to you actually of course your answer can unlimited right. Then do you try this one, reading publications. It can be your alternative within spending your spare time, the actual book you have read is Practice OSCEs in Obstetrics & Gynaecology: A Guide for the Medical Student and MRANZCOG exams.

Deborah Browning:

Playing with family inside a park, coming to see the sea world or hanging out with friends is thing that usually you may have done when you have spare time, and then why you don't try thing that really opposite from that. A single activity that make you not sense tired but still relaxing, trilling like on roller coaster you are ride on and with addition info. Even you love Practice OSCEs in Obstetrics & Gynaecology: A Guide for the Medical Student and MRANZCOG exams, you can enjoy both. It is fine combination right, you still would like to miss it? What kind of hang-out type is it? Oh seriously its mind hangout fellas. What? Still don't have it, oh come on its identified as reading friends.

Alberta Jones:
