## The Pursuit of Loneliness By Philip Slater

The author's purpose in writing this book is to reach some understanding of the social and psychological forces that are pulling our society apart. Slater attempts to clarify the relationships between our self-imposed subservience to technology and the quality of life in the United States. He shows exactly what is happening and why it is destructive, and suggests shift in society that might possibly prevent it. The book accounts for the real horrors...but it also notes explicitly the small, nasty evils which...are ubiquitous and account for far more of the distress, frustration, and ultimately the terror of daily life.
