Editorial Review

Review

"This book contains chapters on other discounts the up until now we have only seen brief discussions on in the literature: Voting versus non-voting stock; key person discounts; discounts for trapped-in capital gains taxes; blockage discounts; non-homogenous assets (portfolio) discounts; and discounts for the environmental, litigation and other contingent liabilities. The final chapter entitled "Common Errors in Applying Discounts and Premiums" is a must for all of us when we perform a final review on our analysis and reports." --Linda B. Trugman (National Litigation Consultants Review, Dec 01)
