## **Hateship, Friendship, Courtship, Loveship, Marriage: Stories** By Alice Munro

A superb new collection from one of our best and best-loved writers. Nine stories draw us immediately into that special place known as Alice Munro territory—a place where an unexpected twist of events or a suddenly recaptured memory can illumine the arc of an entire life.

The fate of a strong-minded housekeeper with a “frizz of reddish hair,” just entering the dangerous country of old-maidhood, is unintentionally (and deliciously) reversed by a teenaged girl’s practical joke. A college student visiting her aunt for the first time and recognizing the family furniture stumbles on a long-hidden secret and its meaning in her own life. An inveterate philanderer finds the tables turned when he puts his wife into an old-age home. A young cancer patient stunned by good news discovers a perfect bridge to her suddenly regained future. A woman recollecting an afternoon’s wild lovemaking with a stranger realizes how the memory of that encounter has both changed for her and sustained her through a lifetime.

Men and women are subtly revealed. Personal histories, both complex and simple, unfold in rich detail of circumstance and feeling. *Hateship, Friendship, Courtship, Loveship, Marriage* provides the deep pleasures and rewards that Alice Munro’s large and ever- growing audience has come to expect.

### Editorial Review

#### Amazon.com Review

Readers know what they are going to get when they pick up an unfamiliar Alice Munro collection, and yet almost every page carries a bounty of unexpected action, feeling, language, and detail. Her stories are always unique, blazing an invigorating originality out of her seemingly commonplace subjects. Each collection develops her oeuvre in increments, subtly expanding her range.

*Hateship, Friendship, Courtship, Loveship, Marriage* is, of course, no exception. It is a fairly conservative collection of nine stories, none of which move far beyond Munro's favored settings: the tiny towns and burgeoning cities of southern Ontario and British Columbia. There are glimpses of youth here--in the title story, an epistolary prank by two teenage girls leads to a one-sided cross country elopement and, seemingly, a happy marriage, and in "Nettles," disrupted childhood affection fleetingly returns through a chance meeting--but most of these pieces are stories of aging women and men, confronting the twin travails of death and late love. As is always the case with Munro, their plots are too elegantly elaborate to summarize, and their unsentimental power is a given; baroque praise would be futile. Read these stories--it is the only way to really understand the miracles that Munro so regularly performs. --*Jack Illingworth*

#### From Publishers Weekly

A writer of Munro's ilk hardly needs a hook like the intriguing title of her 10th collection to pull readers into her orbit. Serving as a teasing introduction to these nine brilliantly executed tales, the range of mentioned relationships merely suggests a few of the nuances of human behavior that Munro evokes with the skill of a psychological magician. Johanna Parry, the protagonist of the title story, stands alone among her fictional sisters in achieving her goal by force of will. A rough, uneducated country girl, blatantly plain ("her teeth were crowded into the front of her mouth as if they were ready for an argument"), she seems doomed to heartbreak because of a teenager's trick, but the bracingly ironic denouement turns the reader's dire expectations into glee. The women in the other stories generally cannot control their fate. Having finally been reunited with the soul mate of her youth, the narrator of "Nettles" discovers that apparently benevolent fate can be cruel. In a similar moment of perception that signals the end of hope, Lorna in "Post and Beam" realizes that she is condemned to a life of submission to her overbearing, supercilious husband; ironically, her frowzy country cousin envies Lorna's luck in escaping their common origin. In nearly every story, there's a contrast between the behavior and expectations of country people and those who have made it to Toronto or Vancouver. Regardless of situation, however, the basics of survival are endured in stoic sorrow. Only the institutionalized wife of a philanderer in "The Bear Came Over the Mountain" manages to outwit her husband, and she has to lose her sanity to do it. All of the stories share Munro's characteristic style, looping gracefully from the present to the past, interpolating vignettes that seem extraneous and bringing the strands together in a deceptively gentle windup whose impact takes the breath away. Munro has few peers in her understanding of the bargains women make with life and the measureless price they pay. (Nov.)Forecast: Munro's collections are true modern classics, as the 75,000 first printing of her latest attests. Expect vigorous sales.
