History of the Low Countries From Berghahn Books

The history of the smaller European countries is rather neglected in the teaching of European history at university level. We are therefore pleased to announce the publication of the first comprehensive history of the Low Countries - in English - from Roman Times to the present. Remaining politically and culturally fragmented, with its inhabitants speaking Dutch, French, Frisian, and German, the Low Countries offer a fascinating picture of European history en miniature. For historical reasons, parts of northern France and western Germany also have to be included in the "Low Countries," a term that must remain both broad and fluid, a convenient label for a region which has seldom, if ever, composed a unified whole. In earlier ages it was even more difficult to the region set parameters, again reflecting Europe as a whole, when tribes and kingdoms stretched across expanses not limited to the present states of Belgium, Luxembourg, and the Netherlands.

Nevertheless, its parts did demonstrate many common traits and similar developments that differentiated them from surrounding countries and lent them a distinct character. Internationally, the region often served both as a mediator for and a buffer to the surrounding great powers, France, Britain, and Germany; an important role still played today as Belgium and the Netherlands have increasingly become involved in the broader process of European integration, in which they often share the same interest and follow parallel policies. This highly illustrated volume serves as an ideal introduction to the rich history of the Low Countries for students and the generally interested reader alike.

Editorial Review

Review

NEW EDITION AVAILABLE IN PAPERBACK

"This remarkable book is the first single-volume history available in English of the region from the Roman times to the present ... It successfully integrates recent scholarship [and] is well written throughout ... generously supplied with well-chosen maps, and illustrations ... it will appeal to general readers as well as scholars interested in this important region." • **History: Review of New Books**

"... a welcome addition to the historical literature on Belgium and the Netherlands, for ... there is no good one-volume history of the Low Countries available ... The chapters are written by some of the foremost specialists in their fields, and provide excellent summaries of our present views of the periods in question." • **Dutch Crossing**

"The editors ... should be congratulated for maintaining a very high degree of stylistic consistency ... I very much welcome an English-language translation of this important book." • **Dietrich Orlow**, Boston University

"... eminently readable and ... solidly based in contemporary scholarship." • **James D. Tracy**, University of Minnesota

Language Notes

Text: English (translation)

Original Language: Dutch

Users Review

From reader reviews:

Leah Pelton:

What do you concentrate on book? It is just for students because they are still students or the item for all people in the world, the particular best subject for that? Merely you can be answered for that concern above. Every person has several personality and hobby for each and every other. Don't to be pressured someone or something that they don't would like do that. You must know how great and important the book History of the Low Countries. All type of book can you see on many options. You can look for the internet options or

other social media.

Elsie Fiala:

Information is provisions for people to get better life, information these days can get by anyone on everywhere. The information can be a know-how or any news even a huge concern. What people must be consider when those information which is inside former life are difficult to be find than now is taking seriously which one is appropriate to believe or which one the actual resource are convinced. If you get the unstable resource then you buy it as your main information we will see huge disadvantage for you. All of those possibilities will not happen with you if you take History of the Low Countries as your daily resource information.

Michael Walker:

A lot of people always spent their own free time to vacation or perhaps go to the outside with them friends and family or their friend. Did you know? Many a lot of people spent these people free time just watching TV, as well as playing video games all day long. If you need to try to find a new activity that is look different you can read any book. It is really fun to suit your needs. If you enjoy the book that you read you can spent all day every day to reading a reserve. The book History of the Low Countries it doesn't matter what good to read. There are a lot of people who recommended this book. These were enjoying reading this book. In the event you did not have enough space bringing this book you can buy the e-book. You can m0ore easily to read this book from your smart phone. The price is not to fund but this book has high quality.

Veda Howard:

This History of the Low Countries is great book for you because the content that is certainly full of information for you who also always deal with world and also have to make decision every minute. That book reveal it data accurately using great manage word or we can say no rambling sentences inside it. So if you are read the idea hurriedly you can have whole info in it. Doesn't mean it only provides you with straight forward sentences but tricky core information with attractive delivering sentences. Having History of the Low Countries in your hand like obtaining the world in your arm, information in it is not ridiculous 1. We can say that no book that offer you world with ten or fifteen small right but this e-book already do that. So , this really is good reading book. Hello Mr. and Mrs. hectic do you still doubt that?
